

COTTAGE COLLECTION

The Cottage Collection offers a wide selection of authentic architectural designs from Coastal cottage to Craftsman and Rustic. A variety of floor plans, all with open concept living, dining and kitchen areas and expansive master suites, along with a long list of available options allows maximum design flexibility to meet any buyer's tastes. If additional design features are desired, the Cottage Collection floor plans and exteriors can also be modified and customized to meet any buyer's specific needs.

Franklin Prefab homes provide the style and design of conventional on-site built homes. While offering a broad selection of designs and styles, Franklin Prefab homes are fully customizable to create a home that specifically meets your own design preferences.
